INTRODUCTION

This reporting manual was prepared by staff members of the Coordinating Board, Texas College and University System, and the Post-Secondary Division of the Texas Education Agency with the guidance of the State Auditor's Office. The purpose of the manual is to assist in the collection of data needed by State agencies in order to comply with pertinent statutes, particularly the current appropriations act.

Reports prepared in compliance with this manual should be sent to the following address:

Management Information System
Coordinating Board,
Texas College and University System
P.O. Box 12788, Capitol Station
Austin, Texas 78711

The required number of copies for each report is specified under the separate instructions provided for each report.

Computerized reports should be burst and arranged in sequential order. Class rolls should not be sent to the Coordinating Board, but certified rolls for all courses must be kept on file at the institution for possible use by the State Auditor's Office.

It should be noted that two reports have been added to the manual, one report has been changed slightly, and the identification number of two reports have been changed.

Reports added were (1) Preliminary Report of Headcount Enrollment (CB-1) and (2) Semester Credit Hour and Contact Hour Certification, in courses approved for appropriation purposes (CB-001E).

The Headcount Enrollment Report - CB-1A (formerly CB-1) has been changed to include male and female enrollment.

The Headcount Enrollment Report By Level, Sex and Place of Instruction has been changed from Form CB-1A, to Form CB-1B.

If you have questions about how to use and implement this manual, feel free to contact:

II. (continued)

Fall Semester	October 25
Spring Semester	March 5
First Summer Term	August 15
Second Summer Term	August 15

Quarterly Reporting Schedule

The following instructions are provided for reporting vocational-technical classes that are scheduled for any length other than a semester. All of these reports should reflect conditions as of the third class day.

1. Vocational-technical class other than a semester in length should be reported on Form CB-007 on a quarterly basis as specified below.

	Due Date
First Quarter: September 1 - November 30	December 15
Second Quarter: December 1 - February 28	March 15
Third Quarter: March 1 - May 31	June 15
Fourth Quarter: June 1 - August 31	September 15

2. Adult education courses, community service courses, and avocational courses that are not being funded, TEA Code 7001, should be reported on a separate Form CB-007 on the above quarterly schedule.

3. A Student Report is not required for quarterly reports. However, a certified class roll must be maintained by the institution for all courses for possible use by the State Auditor.

End of Fiscal Year

The Graduation Report for the fiscal year is due on September 1. This report should be prepared on Form CB-004.

Summary Reports

Prior to December 1, the institutions should submit a summary report of the residence of students reported on Form CB-001 for the fall semester. These reports should be submitted on Forms CB-006A, CB-006B, and CB-006C.

PRELIMINARY REPORT OF HEADCOUNT ENROLLMENT (CB-1)

General Instructions

The data reported on Form CB-1, a sample of which is on the following page, reflects the preliminary headcount enrollment as first taken by the institution at the beginning of each semester. This report should be submitted as soon as possible after the close of registration. These data will be used in the first report of headcount enrollments given to the news media. One copy of this report should be submitted to the Coordinating Board as specified above.

ENROLLMENT CERTIFICATION
(Form CB-001D)

General Instructions

The data reported on Form CB-001D, a sample of which is on the following page, is requested by the State Auditor and the Coordinating Board. The data should reflect the 12th class day of each fall and spring semester and the 4th class day of each summer term. The report should be submitted in four copies by the dates indicated in the "Reporting Schedule" section of this manual.

The number of students enrolled in semester length classes should be entered in Item 1 of the form. Item 1(A) should contain the total number of semester hours in all courses other than vocational-technical courses and Item 1(B) should reflect the total number of contact hours for vocational-technical courses (the number of contact hours per week x 16 weeks).

Item 2 of this form should contain the total number of semester credit hours in courses which were not approved for funding by the Coordinating Board. These hours will reflect a Support Source Code 3 on the Form CB-003.

Item 3 should reflect the difference between Item 1(A) and Item 2. This total will be the number of hours reported for appropriation purposes.

This form also provides for the Certification by the President that the institution is in compliance with applicable statutes.

The totals reported on this form must balance with the totals reported on the CB-001, CB-003, and CB-003A forms.

CLASS DATA REPORT
All Courses Not Funded Through The Texas Education Agency
(Form CB-003)

General Instructions

The purpose of this report is to collect data on each class for which semester hour credit is given at your institution except vocational-technical courses funded through the Texas Education Agency. Although two catalogue courses may be taught together, report them as if they were taught separately.

Data in this report will reflect conditions as of the 12th class day of the fall and spring semesters, and the 4th class day of each summer session. Sixteen weeks is designated as the standard semester (fall or spring).

All courses will be grouped according to Course Approval Number order. For example, all courses in Agriculture and Natural Resources (0100) should be in one group.

Semester credit and/or contact hours produced under advanced standing examinations will not be reported for State funding.

The reports will be due according to the Semester Reporting Schedule, and may be submitted in one of two ways:

(1) typewritten on data forms (2 copies)

(2) machine print-out (3 copies)

Instructions

Field #1 Institution Name. Enter the name of the institution or district.

Field #2 Teacher Identification Number. Enter the nine-digit social security number of the teacher. For those teachers having no social security number, use the coding sequence 'N' and the consecutive sequence number (e.g., N00000001, N00000002, N00000003, . . .) assigned for that teacher on the faculty salary report, CB-002.

Field #3 Name of Teacher. Enter the name of the teacher in the sequence last name, first name, middle initial.

Field #4 Coordinating Board Course Identification Code. Enter the six-digit course approval number for the course as specified in the current Course Guide Manual.

Field #5 Subject Name. Enter the short title of the subject taught.

Field #6 Catalogue Course Number. Enter the catalogue course number of the class taught.

Field #7 Section Number. Enter the section number of the class taught. If the course has no section number, leave the field blank.

Field #8 Semester Credit Hours. Enter the semester hour value of the course. Enter '000' if no credit is given for the course.

Field #9 Number of Students Enrolled. The total number of students in each category should be entered here, excluding auditing students.

Field #10 Total Semester Hours: Field #8 x Field #9.

Field #11 Number of Lecture Contact Hours Per Week. Enter the number of lecture hours for the course, as previously reported on the CB-005, Course Approval List.

Field #12 Number of Laboratory Contact Hours Per Week. Enter the number of laboratory hours for the course, as previously reported on the CB-005, Course Approval List.

Field #13 Number of Contact Hours Per Week. (Field #11 plus Field #12). Except where special approval has been previously secured, this number should not exceed the "weekly contact hour maximum" specified in the Course Guide Manual for the course approval number under which the course is being reported for funding.

Field #14 Number of Weeks Class Meets. Enter the number of weeks the class will be taught, but in no case more than sixteen (16).

Field #15 Total Number of Contact Hours Produced. (Field #9 x Field #13 x Field #14).

Field #16 Support Source:

'1' Direct Federal Subsidy
'2' Regular State Appropriation (approved courses only)
'3' Other

2. Spring Semester
3. First Summer Term
4. Second Summer Term

CLASS DATA REPORT
Vocational-Technical Courses
Of Semester Length
(Form CB-003A)

General Instructions

The purpose of this report is to provide data for each vocational-technical course which is conducted on a semester basis.

Data in this report should reflect enrollment as of the 12th class day of the fall and spring semesters, and the 4th class day of each summer term.

The report data may be submitted in one of two ways:

(1) typewritten on data forms (3 copies)

(2) machine print-out (4 copies)

Each vocational-technical course of semester length taught in the current semester should be listed on this form. Courses should be grouped by programs. For example, all Mid-Management courses should be in one group; all Technical Education, Drafting and Design should be in another group.

In determining the "contact hours per week" for each course, include both laboratory and lecture hours. A lecture or laboratory hour is the amount of time an institution designates as a regular class hour or class period. Fifty, fifty-five, or sixty minutes will be usual for most institutions. Hours per week for Mid-Management, Office Supervision, Occupational Nursing, and other pgorams using internship or practicum will include the hours each student spends at his training station. Consult the Post-Secondary Guide (TEA) for contact hour standards for these programs.

Sixteen weeks is designated as the standard semester.

General Instructions

This report derives from the following provision in the current Appropriations Act which states that community junior colleges shall:

> Report to the Coordinating Board, Texas College and University System, at such times and in such manner as said Board may prescribe the number of hours taught to any students in "off-campus" and extension classes to be described in full detail. (Appropriations Act, 62nd Legislature, page IV-20).

Data provided by institutions on this report should also be included with the data reported on forms CB-003 and CB-003A. Data should reflect the 12th class day of each semester and the 4th class day of each summer term. The report is due in accordance with the "Reporting Schedule" section of this manual.

The report data may be submitted in one of two formats:

1) typewritten on data forms (2 copies), or;

2) machine print-out (2 copies)

Courses should be grouped by location and program area. For example, all courses taught in "Anarene" should be in one group, arranged in numerical sequence by course approval number (Coordinating Board or TEA).

CLASS DATA REPORT
Vocational-Technical Courses of Other Than Semester Length
(Form CB-007)

General Instructions

This report should be submitted on a quarterly basis on the dates indicated in the "Reporting Schedule" section of this manual. The purpose of the report is to provide data for each vocational-technical course meeting less than or more than a semester.

The number of weeks that each class was taught during the quarter is to be reported. Adult classes, TEA Code 7002, should be reported for the quarter in which the third class day is reached. These classes should not be reported more than one time.

All other vocational-technical courses which are not taught on a regular semester basis, such as Vocational Nursing and courses taught on a quarter system, should be reported in the following way: Classes that extend into one or more quarters should be reported each quarter for the number of weeks that classes were held in the respective quarter. These reports should reflect the conditions as of the third class day, or the enrollment status as of the third class day of the quarter into which a class extends.

Adult classes which are avocational in nature are to be coded 7001. These courses will not be funded and should be reported on a separate Form CB-007.

This report data may be submitted in one of two ways:

(1) typewritten on data forms (3 copies)

(2) machine print-out (4 copies)

HEADCOUNT ENROLLMENT BY APPROVED OCCUPATIONAL PROGRAM
(Form CB-008)

General Instructions

The Guide for Occupational and Technical Education, Section 1050, Texas Education Agency, requires that the occupational objective (major) of each student enrolled in an occupational education program to be a matter of institutional record. To comply with this requirement, the enrollment records (registration card) of each student enrolling in one or more occupational courses must indicate his occupational program major. The purpose of Form CB-008 is to collect data on the number of students majoring in the various occupational programs. It is important that these data be as accurate as possible.

On Form CB-008, you should list the approved semester length programs, such as Auto Mechanics, Auto Body Repair, etc., and enter the unduplicated headcount enrollment (number of majors) in each program. Include every program on the Approved List of Vocational-Technical Courses for your college. This report will be due as indicated in the "Reporting Schedule" of this manual. Do not list the individual courses in each program or those classes reported on Form CB-007. Only one copy of this report is required. The data collected on this report is needed by the Texas Education Agency in order to comply with requirements of the Federal Vocational Education Act of 1968.
